**Winter MuskoX Season Extension on Nunivak Island in Unit 18
Announced by the Alaska Department of Fish and Game**

The Alaska Department of Fish and Game announces an extension of the winter season for muskoX hunting on Nunivak Island in Unit 18. The season will be extended until March 25, 2009 to satisfy the finding of emergency adopted by the Board of Game during its Spring Meeting in Anchorage, Alaska. The extended season will allow hunting opportunity for drawing and registration permittees who were unable to access the hunt area due to a period of extended poor weather during the months of February and March. All other muskoX seasons and bag limits in Unit 18 remain unchanged and are not affected by this emergency order.
