Bristol Bay Eastside Salmon Announcement #35 **Emergency Order 81**

This is the Alaska Department of Fish & Game in King Salmon with an announcement for permit holders in the Naknek-Kvichak District. The time is 3:00 p.m. and the date is Tuesday, July 19, 2022.

There is a salvage crew working on the fishing tender on the Naknek Beach south of Pederson Point Cannery. Major sources of pollutants have been removed and there is now a small residual sheen. Efforts are continuing to remove the vessel. Set gillnet permit holders in the immediate area should use their best judgement when operating near the vessel.

The portion of the Naknek Section from the South edge of the Pederson Point dock south to the North Naknek Beach Access Road is open effective immediately and will remain open until 9:00 a.m. Monday, August 8.

Fishermen and residents of Naknek should keep their eyes towards the water this evening for a chance to see the double ender Bristol Bay Sailboat, Libby 76, sail back into Bristol Bay and the Naknek River on the next high tide.

This has been the Alaska Department of Fish and Game in King Salmon.
