### 2022 Yukon River Salmon Fall Fishery Announcement #13 Coastal District and Districts 1-3 Subsistence Fishing Schedule

Districts Affected: Lower Yukon Area

The 2022 fall chum salmon run was below the 300,000 fish limit to allow subsistence salmon fishing. At this time, lower Yukon River assessment projects are complete for the season and very few salmon are entering the Yukon River. Subsistence fishing restrictions are being removed starting in the Lower Yukon Area based on fall chum salmon travel time.
