

# Memorandum

**To:** Committee of the Whole

**From:** Duncan Fields

**Date:** January 12, 2016

**Re:** Proposal 64 --- Ouzinkie Harvest Area Language Change

Please note the recommendations of the Kodiak Advisory Committee to extend the time frame for the Ouzinkie Harvest Area from July 1<sup>st</sup> to August 15<sup>th</sup>. The Community of Ouzinkie concurs with the advisory Committee's recommendations. Expanding the time frame for the Ouzinkie harvest area will allow for wider run timing variability by the sockeye imprinted in Ouzinkie Harbor and it will also provide additional time to harvest local Coho stocks.

**Recommendation:** Amend Proposal 64 to identify the special harvest area annually from July 1, 2016 to August 15, 2016.
