

RC

Suggested language for proposals 250, 255 and 256

Submitted on behalf of ABSC, ICE, and the Processors

Instead of full retention on each of these proposals we recommend up to 49% for all three proposals.
All other language to remain as written.

Please refer to RC²³ to see the language that accomplishes the processors original concerns without the boards participation to address concerns expressed by NMFS

Submitted by Ed Dersham on behalf of Trident Seafood's and ABSC
