

Mr. Chairman & fellow Board Members

My name is Moses Toyukak, I am a commercial drift fisherman from Manokotak with 60 years of experience. I am in opposition to proposals 24, 25, 26, 27, & 30. I also oppose proposal 31. In the past, in our community, the majority of permit holders are not D configuration fishers. I oppose extending the length of 32' vessels because the 32' vessels has been working for us. Also, delaying the 48-hour district transfer notification period does not seem necessary, because it has been working for us. Why change something that works?

Thank you very much for this opportunity to come and testify my concerns and oppositions to these proposals.
