Pond, Triangle Lake, Wainwright #6, Weasel Lake, West Ikskiza Lake, Z Pit (Chena Floodway);

What is the issue you would like the board to address and why? In conjunction with the Board of Fisheries cycle, the department reviews the stocked waters in each management area. Stocked waters are removed from the stocking plan and corresponding regulations due to a loss of public access, poor fish growth or survival, or insufficient fishing effort. As new waters are identified and included in the stocking plan they are added to the regulations. The proposed language will update the Tanana River Area stocked waters regulations.
