Number Support/ Support as amended/Op pose/No Action	Number Support	Number Oppose	Comments, Discussion (pros & cons), Voting Notes, Amendments
---	-------------------	------------------	---

*Note: Effective September 2019, when abstentions occur, the action or decision of a majority of the remaining members at a meeting at which a quorum is present is an act of the committee. For example, a vote tally of 7-6-2 means the motion carries. Members abstaining from voting must provide an explanation that is included in the committee record.*

39			Exempt vessels using jig gear from exclusive and superexclusive groundfish registration restrictions (Gregory Gabriel)
Oppose	0	10	Ben moved to adopt. Alfredo seconded. If non-local jig boats move into the Chignik area and they utilize all the jig quota it would raise the jig percentage for subsequent years, disrupting the local pot fishery. Members believe the super exclusivity must remain to maintain economic security for local boats. Two years ago, Chignik didn't have a salmon fishery and there is need to protect anything left we do have. Ben moves to oppose. Gene seconded.
52			Increase the guideline harvest level (GHL) for Pacific cod in the Kodiak Area to 17.5 percent of the estimated total allowable harvest of Pacific cod in the Central Gulf of Alaska Area and increase the pot gear allocation of the GHL to 65 percent (Frank Miles)
No Action	10	0	Ben moved to adopt. Gene seconded. Because Chignik fully utilizes it's GHL (over 90%), members strongly desire to have the Chignik GHL increased as well. It was questioned if we could be included at the same time as this proposal. Ben moved to take no action. Gene seconded.
