Kodiak, Alaska 99615

This RC is submitted to demonstrate the value by Salmon District with a focus on the Mainland.

Kodiak Fishermen prior to the Exxon Valdez oil spill enjoyed the bounties of massive pink and chum runs within the Big River, Hallo Bay, Kukak, Alinchak, Katmai, and Wide bay systems.

The conservative management approach ( three, 57-hour openers during July, without extensions) implemented for the Mainland district allows Kodiak fishermen a very small window of opportunity to conduct the traditional pink and chum fisheries in the mainland district on slowly rebounding stocks.

Why 57 hours? 57 is the shortest opening timeframe in the Kodiak Management area during the pink salmon fishery beginning on July 6<sup>th</sup>.
