

**PROPOSAL 92**

**5 AAC 21.360. Kenai River Late-Run Sockeye Salmon Management Plan.**

Reduce the Kenai River late-run sockeye salmon escapement goal range to 450,000-750,000 salmon, as follows:

Large returns came from 450,000 to 750,000 escapements. Return to these numbers. Since the escapement has doubled, returns are half.

**What is the issue you would like the board to address and why?** Kenai River sockeye escapement. A 1-1 spawner ratio could lead to a crash. Too many spawners equal smaller returns. In times of abundance, all users benefit.
