

S04H Permit Stacking

Table 3-9 provides data on upper Cook Inlet participation in stacked permit operations. Note that this table reports on individuals and not permits. Earnings are adjusted for inflation using the U.S. Bureau of Labor Statistics 2018 Consumer Price Index. Appendix B lists regulations covering dual permits and permit stacking.

- Data is masked due to confidentiality when fewer than four individuals participate in a fishery. Also masked are any values that would allow someone to calculate the counts using other figures in the same table.
