

RC 121

2/7/2020

Members of Alaska BOF,

I am submitting an RC for proposed additions to the Kenai River Late Run King Salmon Management Plan, 5 AAC 21.359.

5 AAC 21.359 - *No Bait*

(e) (3) (A) add,

(iii) one set gillnet per permit, not more than 35 fathoms in length.

(iiii) one set gillnet per permit, not more than 35 fathoms in length, to be fished within 600ft of mean high tide and is not subject to time limitations in 5AAC 21.359(e)(3) and 5 AAC 21.360.

5 AAC 21.359 - *catch & release*

(e) (3) (B) add

(i) one set gillnet, not more than 35 fathoms in length and 29 meshes in depth, to be fished within 600 ft of mean high tide and is not subject to time limitations in 5 AAC 21.359(e)(3) and 5 AAC 21.360.

Thank you,

Gary L. Hollier
