The meeting was called to order at 1:53pm.

Following introductions and brief ethics disclosures, the Board of Fisheries (board) heard from the chair and Alaska Department of Fish and Game (department) on the process and steps leading up to and following the postponement of the Southeast and Yakutat Finfish and Shellfish meeting that was to occur January 4-15, 2022 in Ketchikan. The meeting was rescheduled to March 10-22, 2022 in Anchorage. The board reconvened to discuss the meeting location decision after efforts were made in Ketchikan to free up necessary meeting space to hold the meeting.

After the review and a brief discussion, the board failed a motion to move the meeting back to Ketchikan.

The current meeting schedule stands and is:
